Beyond the Back of the Ballot:

Answering Your Questions about Arizona's Judges

Please join us on May 1, 2024 for an intimate look "Beyond the Back of Ballot: Answering Your Questions About Arizona's Judges."

Panelists who are responsible for conducting the merit selection process for Maricopa County Judges with the Superior Court and then ensuring these judges remain appropriately accountable to the public through the Judicial Performance Review, the Judicial Ethics Advisory Committee, the appellate process, and retention elections will offer insight into a world of information available on Arizona's judges.

Learn why Arizona adopted the current system, and celebrate how this system promotes both democracy and an independent judiciary often lauded as an example for other court systems. Reception to follow.
